

March 29, 2010

To Members of Hennepin Division,

As you have done in years past, Hennepin Division sponsored two members of the MASSP Hennepin Division Executive Board to attend the NASSP convention in Phoenix AZ, on the dates of March 12-14. This year, the members that attended were Jeff Riddlehoover (Wayzata High School) and Jim Murphy (Shakopee High School).

First and foremost, Jeff and Jim would like to thank the members of Hennepin Division for sponsoring their attendance and both Jeff and Jim would like to relay to the division membership that the conference was of high quality. The general sessions were outstanding and the concurrent sessions offered a wide variety of information that is relevant to our work as secondary school principals.

Jeff and Jim attended as many of the concurrent sessions as possible and as promised, we have attached some of the session literature for our membership to read.

If you have any questions related to the convention or would like more information about the sessions attended, please let Jeff or Jim know. Their contact information can be found on the MASSP division page.

Thank you again for your continued support of principal professional development.

The Hennepin Division Executive Board
